Item 3 New Business

- Turnipseed – David Tyree with Turnipseed was present at this meeting to touch base with the Mayor and Council Members on the project that they have been working on for the sewer system. Mayor Wideman updated Mr. Tyree on the projects that have been completed such as the pond restoration and the sewer expansion that has happened since they last spoke. Mayor Wideman told Tyree that we had to refinance the previous loan that came up for renewal and the audits were not complete when they loan came up for maturity. David said that the USDA money was still available if they chose to move forward with that loan with an interest rate of

less than 2%. He stated that the funds available are around 5.86 million dollars. Mayor Wideman told Mr. Tyree that he and the council would talk about how they would like to move forward and will get back with him at a later date once the 2024 audit is complete.

- Farmer's Market – Mayor Wideman stated that Council Member Cyle Cox would like to hold the farmer's market again this year and he asked for the Council Member's thoughts. The main concerns of the Council is the time that the City Clerk and Maintenance guys have to put into the preparation and book-keeping. The Council decided that if Cyle would like to do the farmer's market that he handles the book keeping and all of the preparation. Council Member Cyle Cox will think about this and let them know if he will move forward this year.
- Paving of Madison Street – Mayor Wideman stated that the county has received some grant money for paving the county roads and they are willing to pay for the striping of Madison Street if the city will pay for the Paving up to the city/county line.
